

General Editorial Schedule

For the Calendar Year 2022

This schedule is used for non-news-related content (opinion & commentary) published on our site. These feature articles, guest/contributor pieces, and blog posts usually fall into the subject areas listed below. We loosely follow the Christian liturgical calendar for timing.

1. Remembering the Holy Days of Christ
2. Knowing the Apostles of Christ
3. The Christian Walk
4. The Family & Friends of Jesus
5. Bible Prophecy

Descriptions of these may be found in **Writer's Guidelines**. If you wish to submit an article to *The Watch Post* for publishing consideration, please refer to that document for instructions. This schedule is subject to change, as world events may unfold that require special attention be temporarily focused on other topics of concern.
